Wanted for ROBBERY (by Bodily Force) and THEFT FROM PERSON

Over the past several weeks, we have noticed several reports involving a suspicious male who is approaching females and stealing jewelry from them. We have put these locations together on a map for your information in hopes that you all will forward this document to family and friends in your area.

Case #	Location	Date	Time	Premise
54380310-X	1700 Huge Oaks	04-16-2010	6:30 PM	Middle of street

These crimes appear to be a crime of opportunity as the suspect is targeting lone females who most likely are not consciously aware of their surroundings. The suspect is approaching the complainant's from the rear and snatching jewelry from their necks. All we have to work with at this time is a Hispanic male suspect about 5'6 to 5'9 between the ages of 18 to 25, and weighing 140 and 180 lbs. The suspect is driving a black vehicle that is believed to be a black 1990 - 1995 Toyota Corolla.
